ABOUT SHB

SHB develops innovative packaging solutions based on modular systems as well as customer-specific bottle concepts, flexibly tailored to individual requirements.

Since 2013, SHB has been certified according to DIN EN ISO 9001, representing the highest quality standards and reliable processes.

The primary sales market is Germany, followed by other European countries.

In addition, SHB supplies international customers, including in the USA, Canada, South Africa, Turkey, and other markets worldwide.

Currently, SHB manufactures in Germany and the USA, primarily for the private label industry.

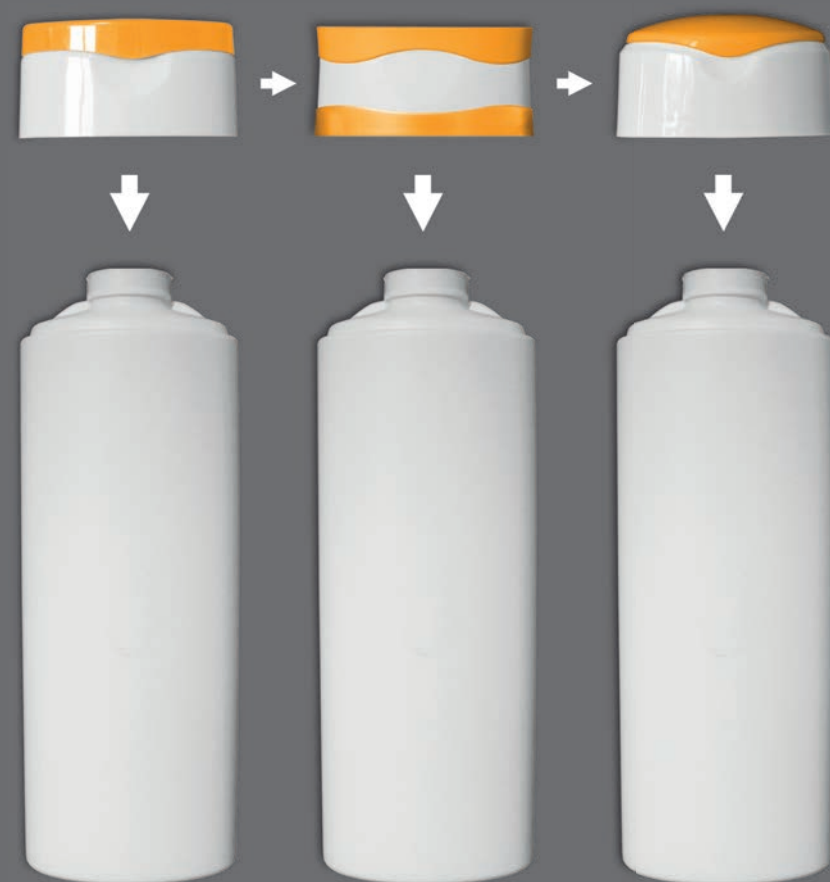

Our products can be found in drugstores and retail chains such as ALDI, LIDL, ROSSMANN, and others.

Well-known brands such as Unilever, CREME 21, and many more are among our customers worldwide.

MODULAR SYSTEM

Discover the full potential of your new packaging concept or product line—together with SHB. With our patented modular system and a tailored packaging approach, SHB opens up a world of possibilities for unique bottle shapes and closures, perfectly aligned with your brand's style.
